

Capability	Description of Capability	Costs or Fees	Contractual Limitations
		Types of costs or fees that a user may be required to pay to purchase, license, implement, maintain, upgrade, use, or otherwise enable and support the use of the implementation or use of the capability -OR- in connection with the data generated in the course using the capability	Limitations of a contractual nature (including developer policies and other business practices) that a user may encounter in the implementation or use of the capability -OR- in the connection with the data generated in the course of using the capability
ePrescribing	The DrFirst eRx Check application is integrated into WritePad to allow users to properly document a patient's medication and allergy list and electronically prescribe medications as required for participation in the Meaningful Use program.	One-time set-up fee, annual renewal fees. The base license fee and annual maintenance fee are based on the number and type (discipline) of providers an organization has. As the organization adds new providers it may need to purchase additional licensing. Depending on the customer's needs, there may be costs for any additional services outside the standard agreement (such as additional implementation services, business analysis services, additional training services, etc)	Users are subject contractual limitations of DrFirst. These details and specifics will be included in each individual customer's contractual agreement with WritePad.
Writepad v10.0	WritePad EHR 10.0 Modular EHR Ambulatory. Details of service is found on <a href="http://www.writepad.com">www.writepad.com</a>	Writepad comes up with two pricing model one is purchase and other is subscription model. Please contact AHS team for details. The base license fee and annual maintenance fee are based on the number and type (discipline) of providers an organization has. As the organization adds new providers it may need to purchase additional licensing.	Users are subject contractual limitations of WritePad. These details and specifics will be included in each individual customer's contractual agreement with WritePad.
WriteTouch™ and WriteTouchHealth™ Portal	WriteTouch™ is a service to have patients create and securely upload their encrypted patient histories directly to their providers that then integrates into the WritePad EHR. There are additional service upgrade plans for additional fees that allow providers to upload clinical summaries, send/receive secure messages, patient education and many other capabilities securely to the WriteTouchHealth™ patient portal.	With WritePad annual maintenance and monthly subscription fees, basic WriteTouch services are included. For additional services, the clinics will contact for such service pricing fees. The base license fee and annual maintenance fee are based on the number of providers an organization has. If the organization adds new providers it may need to purchase additional licensing.	Healthcare organizations participating in exchange agree to do so in accordance with the WriteTouch and WriteTouchHealth terms and conditions. Exchanges must occur in accordance with HIPAA requirements. Some data exchange networks or registries assess fees or require a testing/certification process before a healthcare organization is able to connect to other providers in an other organization. If a patient chooses to use the WriteTouchHealth™ application, they also accept all terms and conditions when accessing the site or downloading the application.
